Rajat Singh
Frontend Web Developer

Inquisitive and tech-savvy front-end developer with a fervor for UI design and emerging technologies. Skilled in architecting responsive websites, crafting reusable UI components, and building scalable web applications. Adept at collaborating with global clients and teams for impactful results.

Experience

2023
OCS Infosystems Pvt. Ltd.
Software Developer

- Successfully executed multiple projects, demonstrating strong proficiency in ReactJS, Next.js, and frontend development principles.
- Collaborated directly with clients to gather project requirements, provide technical insights, and deliver customized web solutions.
- Designed and developed engaging user interfaces that met client specifications and industry standards.
- Leveraged CSS preprocessors like Sass to ensure consistent and visually appealing designs.
- Utilized Git for version control, maintaining organized codebases and facilitating seamless collaboration.
- Managed project timelines, milestones, and client communications to ensure successful project outcomes.

2022 - 2023
Clover IT Services
Web Developer

Ziplingo - Messaging Platform:
- Designed/UI for Ziplingo's core pages, a unified messaging platform for businesses.
- Collaborated to create intuitive Angular UI components with Angular Material and Flex-Layout.
- Customized UI components for seamless messaging campaign management.
- Adapted custom UI elements per client preferences, streamlining messaging campaign management.

Leonardo247 - Property Operations Management platform:
- Enhanced Leonardo247's property operations UI.
- Implemented fixes, optimized layouts, and enriched user interaction.
- Utilized React and libraries (e.g., react-select, react-draggable) for dynamic UI.
- Improved usability and aesthetics while aligning with stakeholder needs.
- Applied frontend best practices, resulting in improved usability and visual appeal.
- Gathered stakeholder feedback to iterate and align UI designs with user needs and business objectives.

2019 - 2021
Freelancing
Web Developer

- Successfully completed multiple freelance projects, creating bespoke landing pages and static websites for a diverse range of clients.
- Developed and implemented responsive designs using HTML, CSS, and JavaScript to ensure optimal user experience across devices.
- Collaborated closely with clients to capture their vision and requirements, translating them into visually appealing and functional web solutions.
- Utilized modern design principles and best practices to create clean, polished, and user-friendly interfaces.
- Employed JavaScript for interactive elements, enhancing user engagement and interactivity.
